and **do the online trial exercise**. When you finish, click the **blue button**

Then **write your name and** under "Level/Group" **write the LETTER** of your class (**a, b or c**) and the system will send your answers to me. This is how I see that you did your homework.

Tako, veliko ste vadili vse oblike navadnega sedanjika in je čas, mi pokažete, kako vam gre. **Klikni na to povezavo**

Potem **obvezno vpiši svoje ime in priimek** in tja, kjer piše »Level/Group«, vpiši **ČRKO svojega razreda** (npr. **a, b** ali **c**). Sistem bo tvoje rešitve poslal meni in vedela bom, da si naredil/a svojo domačo nalogo.

2) Take your notebook and check **your homework: Student's book, p. 57/exe.6**. Look at the questions on the next page and check whether you have correct questions.

Odpri zvezek in preglej svojo **domačo nalogo iz učbenika, str. 57/naloga 6**. Preveri odgovore oz. vprašanja na naslednji strani in preglej, ali si pravilno postavil/a vse pomožne glagole.
