Free-time activities

Goal: Learning vocabulary for free-time activities and connecting it with appropriate verbs.

What's your favourite free-time activity? What do you like doing in your free time?

1) Open your Student's book (SB, p. 52–53).

Look at the photos in exercise 1. What are the children doing? Match the words in the box with the photos. Then check your answers by listening to the audio (TJA EP0-U5 - p52 - exe 1.mp3).

Now look at exercise 2. Listen to the next recording (TJA EP0-U5 - p53 - exe 2 & 3.mp3) and do the exercise. And do exercise 3. You can listen again the same recording again, if you need to. The answers are on the last page.

Then write these phrases into your notebook in groups:

 PLAY	GO	DO	...
play the guitar	go cycling	do sport	read magazines
play volleyball / basketball / football	go shopping	do gymnastics	draw pictures
play computer games	go swimming	do martial arts	listen <u>to</u> music
	go shopping		take photos
	go for a walk		have piano lessons
	go to the cinema		have basketball practice
	go rollerblading		

2) Open your workbook on page 44. Do exercises 1 and 2. The answers are on the last page.

Prostočasne dejavnosti

Katera ja tvoja najljubša prostočasna dejavnost? Kaj najraje počneš v prostem času?

1) Odpri učbenik na strani 52–53.

Oglej si fotografije pri 1. nalogi. Besede iz okvirčka zapiši k slikam. Potem poslušaj posnetek (TJA EP0-U5 - p52 - exe 1.mp3) in preveri rešitve.

Oglej si 2. nalogo. Poslušaj drugi posnetek (TJA EP0-U5 - p53 - exe 2 & 3.mp3) in napiši, katere aktivnosti koga zanimajo.

Tudi za 3. nalogo poslušaj isti posnetek in odgovori na vprašanja. Rešitve so na zadnji strani.

Potem v zvezek prepisi stalne besedne zveze iz tabele zgoraj.

V angleščini pogosto uporabljamo druge glagole kot v slovenščini, ko govorimo o tem, kaj počnemo. Pazi: ukvarjati se s športom ali z borilnimi veščinami = do sport / martial arts; fotografirati = take photos. Neznane besede poišči v slovarčki na koncu DZ.

2) Zdaj odpri delovni zvezek na strani 44. Naredi 1. in 2. nalogo. Rešitve najdeš na zadnji strani teh navodil.

* GAME: You can play the game in your SB (p.52–53) with your family members if you want to. The instructions are in exercise 4.

Lahko se z domačimi igraš igro v učbeniku. Navodila so v 4. Nalogi. Namesto kocke uporabi kovanec in se za vsako glavo premakni za eno mesto, za številko pa za dve in povej pravilno poved s sličico.
